INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories (publishers of the Charlotte City Directory since 1932), present to subscribers and the general public, this, the 1958 edition of the Charlotte City Directory which also includes Hoskins and Thomasboro.

Confidence in the growth of Charlotte's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Charlotte to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Charlotte Directory will fulfill its mission as a source of authentic information pertaining to the city and vicinity.

Five Major Departments

The five major departments are arranged in the following order:

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like Charlotte, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Charlotte, Hoskins and Thomasboro, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE POSTAL ZONE GUIDE, on green paper, is the third major department. This section is reproduced verbatim from copy supplied by the postal authorities.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the fourth major department printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fifth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Charlotte and vicinity.

The Charlotte Directory Library

Through the courtesy of the publishers of the Charlotte City Directory, a Directory Library is maintained in the offices of the Charlotte Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U.S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Out of Sight--Out of Mind

☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

☆

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CHARLOTTE

"QUEEN CITY OF THE SOUTH"

(Courtesy Charlotte Chamber of Commerce, Inc.)

LOCATION

Charlotte, chief city of the Carolinas, dominates a rich, undulating plateau between the Appalachian Mountains and the Atlantic coastal plain. The city is the geographic center of a young, rapidly expanding market. It is 624 miles southwest of New York; 266 miles northeast of Atlanta; 745 miles southeast of Chicago; 393 miles southwest of Washington; 160 miles from the Atlantic Ocean; and far south of knee-deep snow. Charlotte is accessible from every direction by every known conveyance except an ocean-going ship. It is 779 feet above the sea, in latitude 35 degrees 14 minutes n., longitude 80 degrees 50 minutes w.

CLIMATE

With an altitude of 779 feet, Charlotte is blessed with a pleasantly mild climate throughout the year. The average annual temperature is 60.2 degrees, with a seasonal variation of 36.5 degrees from 42.3 degrees in

Tryon Street

January to 78.8 degrees in July. Pleasant, mild temperatures are enjoyed for more than six months of the year —59.7 degrees in spring, 61.3 degrees in fall. Average winter temperature is 43 degrees; summer, 77 degrees. The frost-free season spans midyear from March to November, averaging 237 days. Other data: Annual rainfall averages 46.05 inches. Morning humidity averages 78 per cent; noon, 57 per cent, and evening, 64 per cent.

POPULATION

Charlotte, with a 1957 estimated population of 164,000 is by far the largest city in the two Carolinas, and Mecklenburg County, with a 1957 estimated population of 267,000, is the most populous county. Other significant census figures for Charlotte are: 1850, 1,065; 1900, 18,091; 1920, 46,338; 1940, 100,899; 1950, 134,042. The females have a slight majority of 51.8 per cent. The white races accounts for 72 per cent. Less than 1 per cent is foreign-born. The population of the retail trading area (60-mile radius) exceeds 1,500,000; the wholesale trading area (150-mile radius) has a booming 4,500,000 consumers.

GOVERNMENT

Charlotte is governed by a popularly-elected mayor and seven councilmen. A city manager, appointed at the pleasure of the council, is the administrative head of the city government. The City Hall is a handsome three-story building of neo-classic design which was erected in the early 1920's on a site six blocks from the center of the city. Public services include excellent schools, an expertly-manned police department, a modern fire department, extensive water and sewerage facilities, health and welfare departments, and many others.

Mecklenburg County, of which Charlotte is the seat, is governed by a board of County commissioners. The chairman of this board is the chief administrative officer of the county. Historic Mecklenburg, the wealthiest county in the state, has a fine school system and an efficient rural police force, and provides its citizens with superior public services. The Mecklenburg County Court House, situated adjacent to the City Hall, is an imposing building with stately columns of neo-classic design. Like the City Hall, it has become one of Charlotte's showplaces.

TAXES

The City and County in 1957 assessed ad valorem taxes on all real and tangible property at the following rates per $100 valuation: City, $1.78; County, $1.31 (includes 40¢ special, county school tax levy). In actual practice property valuations are well below true values. Only minor occupational licenses are required by the City. North Carolina income tax is assessed at a rate of 3 per cent for the first $2,000 net income; 4 per cent on the next $2,000; 5 per cent on the next $2,000; 6 per cent on the next $4,000; and 7 per cent on all over $10,000. Corporations are taxed 6 per cent on their taxable net incomes. Liberal exemptions are allowed for both individuals and corporations.

COMMERCE

With almost 2,000,000 people living within easy motoring distance of Charlotte, the City has become one of the 25 greatest markets in the nation. The retail sales volume now exceeds $313,431,000 annually. Over 1,600 retail establishments offer consumers almost every conceivable product. Downtown streets are lined with modern well-appointed stores which through attractive merchandising, draw people from all sections of the Piedmont. The city's per-family buying power is tops for the Carolinas.

Charlotte, strategically located in the center of the Southeast, is rapidly becoming Dixie's leading distributor. Hundreds of trucks, operated by 113 different truck lines and four railroads moving an average of 290 carloads a day, shuttle goods in and out of this vast Dixie warehouse. According to a U.S. Census Report in 1954, wholesale sales in Charlotte came to over $1,325,000,000. This volume of wholesale distribution outstrips such larger cities as Birmingham, Richmond, Nashville and Jacksonville.

Wholesale distribution from Charlotte has grown so tremendously in recent years because the city is well situated to serve the growing Southern market and has superior transportation facilities. More than 500 national companies have established offices or warehouses in the city.

Charlotte is far and away the financial giant of the Carolinas. The city's eight large commercial banks cleared $8,124,653,412.89 in checks during 1956. One of Charlotte's many investment banking concerns is ranked as the ninth largest in the country, which is a reflection of the financial activity of the city. Charlotte also has a branch of the Federal Reserve Bank.

INDUSTRY

Charlotte is the geographical center of the vast Southern textile industry which has its heaviest concentration in the Piedmont Carolinas, where two-thirds of all the looms and spindles in the South are located. Although there are 60 textile mills in the immediate vicinity, Charlotte, unlike many Southern cities, is not completely dependent upon textiles. Machinery, chemicals, food products, furniture, clothing, printing, building materials, all are major products of Charlotte's balanced economy.

Charlotte's 500 manufacturers employ more than 22,000 persons, many of whom have developed great skill in the technological processes of modern industry. In addition, there is a sizable reserve of manpower on the many farms of the surrounding area available to supplement the present labor force. Charlotte always has enjoyed excellent labor-management relations and has never had a major work stoppage.

Charlotte offers manufacturers many advantages which have contributed to the rapid expansion of industry in this area. Some of the advantages are: (1) Reserve of readily trainable labor. (2) Superior rail and trucking facilities. (3) Excellent communication facilities. (4) Extensive power and water supplies. (5) Excellent plant sites and buildings. (6) Pleasant, mild climate. (7) A friendly, progressive community. (8) Central location in the Southeast.

UTILITIES

Charlotte is headquarters for the Duke Power Co., which supplies electrical power throughout the Piedmont Carolinas. The vast Duke Power system has 32 hydro-electric plants and 8 steam plants. Total rated installed capacity is 2,647,800 kilowatts. Duke Power's forward-looking policies, requiring an investment of more than $30,000,000 each year, have played a vital part in the industrialization of the Piedmont.

Central business district

Natural gas from Texas and Louisiana gas fields is distributed in Charlotte and the Carolinas by the Piedmont Natural Gas Co., with headquarters in Charlotte.

The City of Charlotte has invested an estimated $20,000,000 in its water facilities. The present rated capacity of the system is 45,000,000 gallons per day. The city was the first in the Southeast to introduce fluorine into its water as a means of reducing tooth decay. The fluorination program, which was begun April 1, 1949 will be particularly beneficial to future generations of Charlotte citizens.

TRANSPORTATION

Charlotte is the transportation center of the Carolinas. Four railroads operate 18 passenger trains and freight car loading for 1956 was 86,664; five air lines operate 88 scheduled flights a day from Charlotte's modern, new, $1,329,000 terminal; seven bus companies schedule over 160 regular departures each day; and 113 truck lines haul thousands of tons of goods to points throughout the South and East. Railroads with lines into Charlotte are: Southern, Piedmont & Northern, Seaboard, and Norfolk-Southern. Air lines are: Eastern, Capital, Delta, Piedmont and Southern. Bus companies are: Atlantic Greyhound Lines Inc.: Greyhound Lines; Carolina Coach Co.: Queen City Coach Co.: Carolina Scenic Stages; Queen City Trailways and Carolina Transit Lines.

COMMUNICATIONS

The Southern Bell Telephone Co. has 94,400 telephones in Charlotte. The company has calculated that the city population alone will exceed 237,000 by 1966, and is rapidly expanding facilities on this assumption. Southern Bell's state headquarters are located in Charlotte.

EDUCATION

Charlotte's excellent public school system embraces 46 schools with an enrollment of 29,549. The Mecklenburg County system has 36 schools with an enrollment of 21,803. Both systems are now undergoing large expansion programs. Charlotte's five parochial schools have a combined enrollment of over 1,300. Colleges located in and near Charlotte are: Queens College, enrollment—425, Charlotte College, enrollment—481, Johnson C. Smith University, Negro co-educational, enrollment—675, Carver College (Negro), enrollment—376, Davidson College (in Davidson, N.C., 20 miles north), enrollment—845, Belmont Abbey College, enrollment—410 (in Belmont, N.C., 12 miles west of Charlotte). In addition to these Charlotte has many fine business schools. Among these are Burton Institute, Kings Business College, National School of Commerce, Carolina Business School, Comptometer School and Dora Ellis Business School, National School of Heavy Equipment, Metropolitan Business College and International Accountants Society, Inc.

MEDICAL FACILITIES

Charlotte has four excellent general hospitals with a combined total of 1,214 beds, and several hospitals with 325 beds. The city has over 241 doctors, of which 137 are certified specialists. Because of these facilities and the availability of such a large number of specialists, Charlotte has become a medical center of considerable importance. The general hospitals are Charlotte Memorial, Presbyterian, Mercy (Catholic) and Good Samaritan (Negro). Plans for expansion of facilities at Memorial Hospital include a new wing and a new nurses' quarters building. Cost of the expansion is expected to exceed five million dollars. Presbyterian Hospital is adding two new wings at a cost of approximately one and one-half million dollars.

NEWSPAPERS AND RADIO STATIONS

Charlotte has two widely-circulated, daily newspapers. These are the Charlotte Observer (published mornings circulation 151,600, Sunday 167,500) and the Charlotte News (published evenings except Sunday, circulation in excess of 70,000). There are seven radio stations broadcasting programs of all major networks. These stations are: WBT (AM & FM, CBS); WSOC (AM and FM, NBC); WAYS (AM & FM, ABC), WGIV (AM, independent), WIST (AM, Mutual and Dixie FM); WMIT (FM), WWOK (Independent).

TELEVISION

Charlotte has two television stations. WBTV (CBS), the Carolinas' first television station, began operations in July, 1949 and added facilities for color tele-casting in August, 1954. WSOC-TV (NBC, ABC) began operations in April, 1957.

RECREATION

Charlotte's broad community program includes nearly every conceivable sport and form of recreation. There are 31 parks and playgrounds, 18 motion picture theatres, 8 golf courses (5 public), private swimming pools, Municipal Pool, the Little Theatre, a modern sports arena, and four modern community centers. Professional baseball and ice hockey and college and high school football are enjoyed by Charlotte citizens. A $4,698,000 Auditorium-Coliseum is the scene of operas, concerts, Broadway plays, sports events, and all types of shows. Charlotte's Park Center is the site of civic events, sports events and shows.

TRAVELERS ACCOMMODATIONS

Charlotte has six principal hotels with 1,250 rooms, and a number of smaller hotels. In addition, there are numerous first-class motor courts and tourist homes convenient to the motoring public. The largest hotels are: Hotel Barringer, Hotel Charlotte, Selwyn Hotel, Mayfair Hotel, Mecklenburg Hotel and Clayton Hotel.

CHARLOTTE HISTORY

When the first settlers—Scotch-Irish, English, Germans, Huguenots—penetrated into the southern Piedmont section of North Carolina they found deer and bear, wolves and Catawba Indians in awesome numbers. But, undismayed, the settlers went about the job of making homes for Themselves.

Tiny Charlotte, only 360 acres of Mecklenburg County soil, was incorporated in November, 1768. Six years later the settlement became the county seat and organized a regular town government. Although Charlottetown could boast only a handful of settlers, its spirited defiance of the British was known from St. Augustine to Plymouth Rock. On May 20, 1775, Charlotte patriots signed the Mecklenburg Declaration of Independence, a document which, though not generally acted upon until a year later, laid the foundations of the American Declaration of Independence on July 4, 1776.

Charlotte played a spunky and effective part in the conflict which followed. British General Cornwallis, who was in the town for awhile, called the place "a damned hornet's nest" of rebellion. That reputation has been perpetuated in the city seal.

During the days following the war, Charlotte began to show promise; even so, the town was still a mere upstart in the wilderness. Wilmington, New Bern, Raleigh, Edenton, were far larger. Even by 1850 Charlotte could count only 1,065 heads.

After surviving the rigors of the Civil War and reconstruction, Charlotte began anew its ascendancy as the chief city of the Carolinas. Each Federal Census in the years which followed foretold Charlotte's destiny. Today its top position in the Carolinas is undisputed.

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

ADVERTISING

MR. CITIZEN!

Correct Information Is Valuable To You!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

CAUTION . . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

OUT OF SIGHT! OUT OF MIND! OUT OF BUSINESS! . . . . .

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Out of Sight!
Out of Mind!
Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

▼

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers —the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *ALPHABETICAL* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 *A HOUSEHOLDERS' DIRECTORY* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *CLASSIFIED BUSINESS DIRECTORY* listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"YELLOW SECTION"*, where the advertiser may explain in greater detail the services or products he has to offer.

5 A *STATISTICAL and HISTORICAL STORY* of your city: plus miscellaneous other information.
